The food was delicious as always, thanks to Hugh Wood Catering! Many residents brought desserts to share and they were all awesome! The weather was also great and the kids had fun at the fishing rodeo.

HELPFUL INFORMATION ON KEEPING BUGS AWAY!

With the summer quickly approaching and mosquitoes already out in full force, we need to remember to do our best to keep those pesky bugs away! I mentioned this last year and still have my plants and I do believe they help keep them to a minimum on my patio. They are also a nice addition to the patio décor.

Chemical products aren't always the best choice, especially if you have any animals or small children. A few of the plants I mentioned that help keep bugs away last year are:

Citronella, Lemon Balm, Catnip, Marigold, Basil, Lavendar, Peppermint, Garlic, Rosemary, and Geraniums. You can always google them online for pictures and more information.

Please also remember to empty any standing water around your houses!

NOTICE: There is a new number for picking up old appliances, metal cabinets, etc. Just call 318-402-5725 and ask for Tara. She will take care of you.

As we prepare to celebrate **Independence Day**, you should be extra careful using fireworks. The Shreveport Fire Department has issued these tips:

- Know your fireworks – read the cautionary labels and performance descriptions before igniting.
- Fireworks should only be used outdoors. Never light fireworks indoors or near dry grass.
- Avoid using homemade fireworks or illegal explosives. They CAN kill you!
- Use fireworks outdoors in a clear area, away from buildings and vehicles.
- Never carry fireworks in your pocket or shoot them into metal or glass containers.
- Light one firework at a time and quickly move away. Don't light them while they're in your hands, either.
- A responsible adult should supervise all fireworks activities. NEVER give fireworks to children.
- Always have a hose, fire extinguisher or water bucket ready, in case of an emergency.
- Stand several feet away from lit fireworks. If a device does not go off, DO NOT stand over it to investigate – put it out with water. DO NOT pick it up!
- Alcohol and fireworks do not mix. Save your alcohol for after the show.
- When can you buy fireworks in the local area? You can do that in Shreveport beginning at noon June 25, up until 10 p.m. July 5.
- You CAN NOT shoot off fireworks between 10 p.m. and 8 a.m. each day.
- Fireworks may be sold and discharged within the city limits of Bossier City from June 28 through July 5, inclusive, from 10 a.m. until 10 p.m.

IMPORTANT REMINDER: When walking in the neighborhood, please remember to move to the side of the street when cars come by. Also remind your kids to do the same. It is dangerous and sometimes the kids don't seem to want to move over. Also remember that you ride with traffic and walk against traffic.

CAUTION: With school being out, summer often brings about vandals and thieves. If you observe trespassers, vandals and/or trouble makers in the neighborhood, do not be confrontational; leave and call the Sheriff's office at 318-965-2203. If it is an emergency, call 911 and report the emergency!

Remember the HOA common areas are owned and maintained by the HOA, which includes all residents and we want to protect our **properties**.

OPEN GARAGES: Make sure that your garage doors are closed when you are not in the immediate area. Again, with school out, there is more foot, bike and vehicle traffic through the neighborhood. Make sure that your garage door closes and stays closed before you drive off as an animal going past the sensor could cause the door to reverse. An open, unattended garage is a personal and property security concern.
